

# Campus to Corporate Training Program

A special program series for young professionals transitioning from college to the working world

ITPF Technology an ISO 9001:2015 company provides services to small, medium, and large enterprise organisations both in the public and private sector.

Since inception, ITPF Technology has grown into a well recognised provider of NextGen technology, advanced networking, managed services, consultancy and hardware sales and support, which help our customers achieve their business goals.

The group focus has evolved and adapted to all the latest business technologies to enable us to continuously provide state of the art service and products to our customers.

To back up our turn key solutions we are able to offer a wide variety of services from planning, designing and implementing, to optimising, operating and maintaining solutions.

### LEARNING & DEVELOPMENT

To improve the business performance of our clients and enhance the achievement of their business objectives through fulfillment of analytically evolved training needs.

We revolutionize the learning through our unique methodology which is customized as per the client need. Our approach is innovative, interactive and inclusive approach to education and training.
